ASSEMBLY

Cheeks:

Sew them by matching the bottom with the neck and on the sides with the doll's own cheeks. Stuff the piece before completing the join so that it is bulky.

Belly Stain:

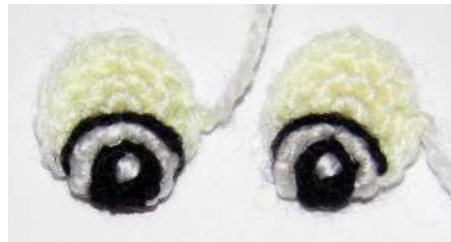

From the neck to the lower part of the body, with the yellow part down. Also stuff the piece so that it is bulky.

Eye stains:

Sew an eye on each piece, attached to the bottom. With black yarn embroider the top line. If you want, you can also embroider with black yarn around the pupil to improve its shape.

Once you have the complete pieces, sew them to the face, attached to the piece of the cheek and leaving a separation of 2 sc between them at the bottom.

Beak:

Sew it centered between the eyes, attached to the top of the piece of the cheek.

**Wings:**

Place each one on the corresponding side, sewing the 3 upper rows to the body from the neck area. Sew the ivory part on the inside.

Tail:

In line in relation to the lower body. Sew it centered and with the curved part up.

**Legs:**

On both sides of the belly stain, leaving 2 sc of separation from it.
