## EYES (x2)

With white yarn embroider the twinkle.

## FACE

To find out where you have to place the ghost's face, you must look at the tips of the head and the end of the body. Our ghost seen from the front will have the tip of the head to the left and back, while the tip of the body will go to the right and forward.

Once you are sure about where you should place the face, start placing its elements:

Sew the **eyes** from round 13 to 15, embroidering around them with the black yarn to soften the rounded shape. Leave 3 sc of separation between them in their central part.

2 sc over the eyes, embroider with black yarn the **eyebrows** 2 sc long.

Centered under the eyes embroider the **mouth**. It will have a separation of 1 sc in relation to these in its upper part and 2 in the low part and a length of 3 sc.

**WELL DONE!**
